

БЪЛГАРСКА АСОЦИАЦИЯ
ПО НЕОНАТОЛОГИЯ

Dear Colleagues and Guests,

It is my sincere pleasure to announce that the Bulgarian Neonatology Association will be having its Second National Congress with international participation from 13 to 15 October 2011.

The following main topics will be discussed:

- 1. Neonatal nephrology.*
- 2. Surfactant therapy of NRDS.*
- 3. Neonatal cardiology.*
- 4. Neonatal gastroenterology and enteral and parenteral feeding.*
- 5. Obstetric and neonatal help – session for nurses and obstetricians.*
- 6. Neonatal screening*
- 7. Others*

The Congress has been foreseen as a forum for exchange of experience, knowledge, presentations, updating on the latest achievements in neonatology science, medical equipment, technologies and apparatus, drug treatment.

Bulgarian Neonatology Association needs your support in the accomplishment of this noble initiative. It is the first time that a session for exchange of experience amongst the neonatal teams will be organized including not only neonatologists but health care specialist as well.

The neonatal help in Europe and all over the world is the biggest reserve for decreasing the children mortality. The children health is unique value and the investment in the children healthcare is an investment in a healthy generation.

An important aspect of the Congress will be the opportunity for the exhibition participation. It will create an unique atmosphere for all companies importing and producing consumatives, equipments, drugs, foods and thus they will be able to present their products in at a vast circle of audience, namely neonatologists, pediatricians, obstetricians, gynecologists, general practitioners, nurses.

Kindest regards,

*Prof. Dr Emilia Hristova
